Profile

ReactJS developer passionate about building performant and user-focused web apps. Strong in JavaScript, full-stack design, and clean UI/UX. Experience with real-world projects and agile workflows. Eager to solve problems and grow in fast-paced environments.

Technical Skills

Languages: JavaScript (ES6+), HTML5, CSS3

Frameworks: ReactJS, Node.js, Express.js

Databases: MongoDB, Mongoose

Tools: Git, Postman, JWT, Cloudinary, VS Code

Experience

Frontend Intern

Tinkering Hub

Dec 2024 – Mar 2025

- Contributed to the development of two major projects: **Clinic Management System** and **Aakash Broadband Website**.
- Clinic Management System:** A full-stack React and Node.js-based platform for managing appointments, patient case history, and admin operations. Designed and implemented responsive UI components for doctors and patients, improving the clinic's operational workflow.
- Aakash Broadband Website:** (Live Demo) A ReactJS-based landing page for a broadband service provider. Built responsive layouts for service sections, contact forms, and dynamic navigation. Enhanced UI/UX using modular component design and TailwindCSS.
- Collaborated in agile development sprints, participated in regular code reviews, and assisted in debugging and performance optimization.

Projects

My Portfolio Website

Live Demo

HTML5, CSS3, JavaScript, ReactJS

- Designed and developed a fully responsive personal portfolio showcasing projects, skills, and contact information.
- Implemented interactive UI with animations and smooth navigation using React and Tailwind CSS.
- Hosted on Vercel with SEO-friendly structure and mobile-first responsiveness.

Pixabay Image Finder

Live Demo

ReactJS, Pixabay API

- Built a responsive image search app using Pixabay API with real-time query filtering.
- Implemented dynamic grid layout, hover previews, and HD image modals.
- Deployed on Vercel with secure API handling using `.env` file.

Firebase Contact App
ReactJS, Firebase Realtime Database

Live Demo

- Created a contact management app with CRUD operations using Firebase.
- Integrated real-time database to instantly reflect contact changes.
- Deployed on Vercel with input validations and user-friendly UI.

Clinic Management System

ReactJS, Node.js, MongoDB

- Full-stack app with patient login, case history, appointments, and admin panel.

Smart Food Suggestion

JavaScript, OpenWeatherMap API

- Suggested meals based on real-time weather; redirected to Swiggy for orders.

E-commerce REST API

Node.js, Express.js, MongoDB

- Built APIs for user authentication, product catalog, and secure checkout.

URL Shortener + Image Uploader

Node.js, MongoDB, Cloudinary

- Developed a URL shortener with analytics and secure image upload system.

Education

Parul University, B.Tech in Computer Science and Engineering
CGPA: 7.70

2021 – 2025

Lahan Everest Secondary School
Higher Secondary Education, Percentage: 70.25%

2019 – 2020

Certifications

Data Analytics with Python – NPTEL
Networking Essentials – Cisco
Introduction to Machine Learning – Cisco

Languages

English (Fluent), Hindi (Fluent)
